KNOWLEGE BOX

CPM (Cost per Mille) /

Price for 1.000 Ad Impressions of an advertising medium.
calculation: Budget/Ad Impressions*1000

AI (Ad Impression)

The guaranteed visual contacts of your advertising medium.

Page Impression

The number of page views; general metric for online advertising.

Unique User

Individual person who has contact with a website within a certain period of time.

Unique Client

Devices (PC, tablet, mobile phone, etc.) from which a website is accessed.

Net reach

Number of people from the target group who can be reached with the selected medium.

Native Advertising

A form of advertising that is similar in form and appearance to editorial content and is marked as advertising.

Frequency capping

A technique for the precise control of the contact dose per user and campaign.

Targeting

Targeting is understood to mean target group-oriented advertising. Criteria according to which the target group for an online campaign can be „targeted“ are, for example, geographic or socio-demographic.

ROS (Run over Site)

The advertising booking is played out across the entire website (all editorial environments).

KNOWLEDGE BOX

Pre- & Post-Roll:

Pre- and post-rolls are comparable regular TV commercials. Pre-rolls are played before the actual video content, post-rolls after the content. The spot length can be 5 to 30 seconds - the IAB recommends the use of a maximum of 15-second spots, as these can be placed on all media.

(Source: iab austria)

OutStream:

Video advertising runs outside of a stream. In-page or in-banner video placements are videos that run within classic banners and can in principle be integrated into any advertising space.

(Source: iab switzerland)

ADVERTORIAL

Creation and design of Advertorials in coordination with the customer.

Native Advertising	A form of advertising that is similar in form and appearance to editorial content and is marked as advertising.
Frequency Capping	A technique for the precise control of the contact dose per user and campaign.
Targeting	Targeting is understood to mean target group-oriented advertising. Criteria according to which the target group for an online campaign can be „targeted“ are, for example, geographic or socio-demographic.
ROS (Run over Site)	The advertising booking is played out across the entire website (all editorial environments).

BOOKING CONDITIONS

General information

- All prices include frequency capping of your choice.
- Targeting options, such as socio-demographic targeting, geo-targeting or targeting in special subject areas subject areas 25 % surcharge.
- Minimum booking volume 1,000.00 net plus VAT.

Cancellation conditions

- Cancellation free of charge up to 14 days before the start of the agreed service provision.
- If the free cancellation period is not observed, the client shall pay 30 % of the net order value.
- In case of cancellation of an already running campaign, the delivered service plus 50 % of the remaining net order value will be charged.

Delivery of the advertising material

- Please send standard advertising media no later than 3 working days, special advertising formats and advertorials no later than 7 working days before the start of the campaign to dispo@krone.at.
- To ensure a timely campaign launch, HTML5 ads should be delivered as a streaming link.

Validity

- All prices in Euro plus 20% VAT and are valid from 1 January 2023 until revoked.
- Subject to changes, typesetting and printing errors. We reserve the right to refuse advertising placements without giving reasons.
- The general terms and conditions are available at www.krone.at/agb.

Information on online advertising media such as definitions and standardised forms of advertising can be found at www.iab-austria.at.

DESIGN COSTS

When placing ads in Krone Gesamt, Krone bunt and KRONE.TV
as well as in Länder and regional editions of the Kronen Zeitung:

	Design costs
< 1/2 page	185.00
from 1/2 page on	370.00

PROMOTIONAL CAMPAIGNS

Editorially designed ads in compliance with the "Krone" layout

	Promotional Discount
Krone complete edition, Krone main edition, and Wien Krone, Krone bunt, KRONE.TV	25%
all other Austrian <i>Länder</i> and regional editions of the Kronen Zeitung	25%

(no mention of prices) produced by our PR editorial team.

SALES DISCOUNTS

The basis for calculating sales discounts is – once the final transaction has been confirmed in writing in advance – the total value of all advertisements placed in MediaPrint print products within one calendar year (gross rate acc. to applicable price list minus specific special discounts and similar), unless their eligibility for discounts was explicitly excluded in individual agreements. In general, text ads placed in the „Kronen Zeitung“, job ads placed in the „KURIER“ and promotional campaigns and any form of online or („Krone“) dispenser advertising are excluded

Ad volume	Discount
from 10,000.–	2 %
from 60,000.–	4 %
from 120,000.–	6 %
from 180,000.–	8 %
from 240,000.–	10 %
from 320,000.–	12 %
from 400,000.–	14 %

from consideration for discounts.

BOX NUMBER FEE

	Fee
Dispatch	€ 8.30

REPRO GUIDELINES FOR NEWSPAPER PRINT

Repro guidelines according to ÖNORM A 1503 and/or Allgemeine Richtlinien für den Zeitungsdruck der Interessensgemeinschaft Austria Druckstandard Zeitungen (newspaper printing standard). For detailed information, please refer to www.kroneanzeigen.at.

PROCESSABLE FILE FORMATS

We need your printing data in PDF, TIF or JPG format.

PDF data must meet the **PDF/X-1a:2001** standard.

Please comply with the following specifications:

- **PDF-Version 1.3**
- Full-page (one file per advertisement), without colour separation
- **No transparencies** (transparency has to be flattened so as to ensure that texts and vectors are not converted into image data. Required: high quality/resolution; nomenclature may vary depending on the specific software used).
- All **fonts must be embedded** or converted into paths.
- Reversed type: not smaller than 6 pt, no „light“ or serif typefaces
- No levels or comments
- Trapping (trim) and bleeding marks (outside bleed!) only for bleeding ads

TIF, JPG:

- Maximum quality with 300 ppi at print size (= effective resolution)
- Not recommended for ads with copy text in small font sizes

PICTURE EDITING – COLOUR MANAGEMENT – PRINTING SPECIFICATIONS

Image data in colour in CMYK mode only

Additional colours (Pantone, HKS, RAL etc.) or RGB data are automatically converted into the CMYK colour space required in each case. This may lead to deviations in reproduction, which is why we cannot provide any printing guarantee for this.

“OPEN” DATA

Image resolution: 300 ppi bei Abdruckgröße (= effektive Auflösung) auch für Transparenzreduzierung; 1200 ppi für Strichbilder

Recommended ICC profiles:

Daily newspaper*, Krone.TV* and Daily newspaper-Journals* ISOnewspaper26v4.icc (www.ifra.com)

Journals** ISOcoated_v2_300.icc (www.eci.org)

Krone Bunt*** SC paper (ECI).icc (www.eci.org)

Magazines** booklet: PSO LWC Improved.icc (www.eci.org)
cover (OFC, IFC, IBC, OBC):
ISOcoated_v2_300.icc (www.eci.org)

For proper colour reproduction the profiles have to be applied to the PDF and embedded as Output Intent.

Screen definition: 60 lpcm/150 lpi (*Sublima screen)

Total ink limit: *240 %, **300 % and ***270 %

*The General Guidelines for Newspaper Printing of IG Austria Druckstandard shall apply.

For “open” layout files, we will not assume any liability in case of deviating printing results. Please refer to item “Processable file formats” (see above).

OVERPRINTING / KNOCK OUT

The proper settings for overprinting/knock out must have been selected. Coloured or white text as well as diagrams/artwork against a coloured background **must not be set to “overprint”**. Please note that user programmes have different basic settings and automatic functions and are sometimes corrupt. **It is not possible to check results on the screen or by means of a conventional colour printout**, but only on printouts with colour separation (and/or proofs simulating separation).

Please prepare your printing data as specified below. For files not prepared according to the specifications indicated below, we are unable to assume any liability for printing results. Please note section “Processable File Formats” (see left side).

E-Mail

dispo@mediaprint.at

Your e-mail message should not be larger than 20 MB. Please add the usual two- or three-letter extension to your files (.pdf, .tif, .jpg) in order to avoid any misinterpretation or data corruption by diverging mail systems.

FTP-Server

Upon request, we will be pleased to send you the required access information.

Job title

For easy allocation, please indicate a meaningful job name/subject together with your transferred data:

“Customer_publication_date_medium”

(e.g.: Smith_2411_Krone)
